The auditing carried out to confirm that your company's quality assurance system complies with AQAP-2110 requirements, has been completed.

It is certified that your company's quality assurance system explained in Quality Manual SEK-SY-01 (Rev.E) dated March 2015 and complies with AQAP-2110 requirements for production mentioned below.

“Design, Development, Production and Support of Command Control Systems, Air Defense Systems, Fire Support Automation Systems, Fire Control Systems, Weapon Systems, Reconnaissance and Surveillance Systems, Military Computers, Naval Combat Systems, Naval Combat Management Systems, Underwater Acoustic Systems, SONAR Systems, Video Surveillance and Management Systems.

This certificate is valid until 02 July 2018 by 17.00 o'clock.

Ministry of National Defence of the Republic of Turkey Industrial Quality Level Evaluation Commission will continuously monitor and audit effectiveness and application of the quality assurance system.

This certificate will be subject to cancel if changes and renewals to be made in the system defined in quality manual presented to the Ministry of National Defence are not submitted to and approved by Ministry of National Defence previously or in the case that results of periodical reviews are negative.
