

GUNGOR-HD-S

HIGH RESOLUTION DAYLIGHT CAMERA

DAYLIGHT CAMERA

CRYSTAL CLEAR IMAGE QUALITY

LOW LATENCY HD-SDI VIDEO OUTPUT

DURABLE AND COMPACT

LONG RANGE DETECTION/RECOGNITION/IDENTIFICATION

GUNGOR HD-S

HIGH RESOLUTION DAYLIGHT CAMERA

Applications

- Long Range Wide Field Surveillance
- Long Range Reconnaissance
- Situational Awareness
- Air Defence Applications
- Law Enforcement

Main Features

- Continuous Optical Zoom
- Digital X12 Magnification
- Image Freezing
- Daylight and Near-IR Surveillance
- Automatic & Manual Contrast/Brightness Adjustment
- Suitable for Integrated system Architecture
- Upon Tripod & Pan&Tilt Operation
- Built In Test
- Military Grade Environmental & Electromagnetic Compatibility
- Built specifically for Commercial and Military Surveillance and Reconnaissance

Technical Specifications

- Resolution : 1920x1080 / 1280x720
- Sensor : 1/2.8" CMOS
- FOV : 2.3° - 63.7° (1080p / 720p)
- Optical zoom : 30x (Cont.)
- Digital zoom : 12x
- Video Output : HD-SDI, Ethernet
- Remote Control : RS422, Ethernet
- Feed Voltage : 28Vdc
- Weight : <2 kg
- Dimension : 100x80x260 mm

Environmental Conditions

- Operating Temperature : -20°C, +50°C
- Standard : MIL-STD-810 G
