LANDING PLATFORM DOCK

LPD

LANDING PLATFORM DOCK

General Information

- Acquisition Authority: UnderSecretary for Defense Industry
- Conjectural Contract Effective Date: June 2015
- User: Turkish Naval Forces Command
- Conjectural Contract Due Date: June 2022
- Number of Ships: 1
- Project Period: 84 Month

Deliverables

Combat Management System

- ADVENT Combat Management System Project Period: 84 Month

Navigation System

- Navigation Radar (2)
- ALPER LPI Radar (2)
- Aircraft Detection and Control Radar
- Precise Approaching Radar (PAR)
- Meteorological Measurement System (MESMÖ)
- KULAC Echosounder, Speed log, Gyro / Magnetic Compass
- W-ECDIS / Digital Plotting Table / DGPS / W-AIS systems

Integrated Communication System

- External Communication Systems
- Internal Communication Systems
- Communication Control Systems
- X- Band / Ku-Band Satellite Communication Systems
- Link (11/16/22) System

Underwater Systems

- Mines Avoidance Sonar system
- Underwater Communication Set

Surveillance System

- 3D Search Radar (Inc. IFF System)
- Electro- Optical Director (2)
- Infrared Search and Track System (IRST)

Fire Control System

- 40 mm Gun Fire Control System (2)

Electronic Warfare Systems

- Electronic Attack System
- Electronic Support Measures System
- Chaff/dekoy Launching system
- Lazer Warning System
- Torpedo Countermeasure System

Weapon Systems

- 40 mm gun system (2)
- 12.7mm Stabilized Machine Gun (STAMP) (4)
- Phalanx Close-In Weapon Systems (2)
